

MISSION MATTERS: *January 2023*

2022 exited in a flourish with a major freeze and now we are in a brand-new year, full of endless possibilities.

The Island Presbyterian Mission Team saw many changes last year. We gained new members and rather than try to add new ministries, we concentrated on those that we have and tried to make them better. One notable change is our name. We are eliminating “outreach” from our title. Nearly everything that we do involves outreach from Street Ministry to computer classes. In fact, I cannot name a single one of our ministries that doesn’t qualify as “outreach”.

Sometime in the coming weeks, we will be presenting our annual report. I hope that you will take a moment to read it. Every year when we compile all of the information on each of our ministries, it is amazing to realize what a few dedicated people are able to accomplish.

We are ever cognizant that none of this would be possible without your generosity and support. You touch the lives of so many, ours included.

We wish each of you a happy, peaceful, and healthy new year.

In gratitude,

Your Island Presbyterian Mission Team
